

Important Changes to Our WARRANTY PROGRAM

Warranty Quick Facts for the Service Center

Elimination of the 25 Mile Rule - Effective 1/1/2020

Please provide all Consumers with the Warranty Trifold Brochure.

Consumers no longer need to worry how many miles they've traveled away from your Service Center. Consumers can now return to your service center for repairs without worrying about the 25 mile rule. You simply handle the claim with your parts supplier as with any local repair.

If a consumer is not reasonably able to return to your Service Center, they **MUST** call the Pronto Warranty Administrator to obtain a **claim number** before they start the re-repair process.
